

VOLUNTEERING AT GAME STREETMEKKA COPENHAGEN.

GAME Streetmekka Copenhagen is currently looking for volunteers for our events in house.

Are you interested in sport? Are you curious about how to plan and execute an event?

Do you want to be a part of a multicultural community in terms of both sports and nationalities?

GAME is a non-profit organization that since 2002 has had a mission to create lasting social change through youth-led street sports and culture.

In 2010 GAME and the Municipality of Copenhagen opened the first GAME Streetmekka in Copenhagen. Here, the youth of Copenhagen can do street sports, be creative and have free space to do whatever in our informal environment.

We are open 365 days a year with events every month.

We have an open event the first Friday of the month, year-round.

Normally these events contain tournaments, food, creative initiatives and good vibes in general. Our events are targeted towards our usual young members.

We are always open to new initiatives from our volunteers, so if you are passionate about an idea you think fits our mission and would be interesting for our members feel free to share the idea.

Diversity and equality is key here in GAME. You will quickly be introduced to the people from the office along with our different types of members.

What do we expect from a volunteer in GAME Streetmekka Copenhagen?

- A positive role model for young people.
- You wish to get an insight in the sport and event industry.
- You wish to attend in at least one monthly event in house together with the other volunteers.

What do you get out of being a volunteer in GAME Streetmekka Copenhagen?

- The opportunity to use and develop your competencies in an NGO which is open to innovative ideas.
- Memorable experiences with fellow volunteers with the same interest as you.
- Develop your coach/leader skills.

- Experience and education in organizing and executing events/practices.
- You can add volunteering for a NGO to your CV.
